At SEOC now, and we just discussed it and needs to be on all sites for now, sorry. It is temporary and we feel that even the sites that seem unrelated, such as SOS, are one of the sites people visit the most and thus it is best to include on all of them for now. There is a strong feeling that the info. that most needs to get out re; filters, testing, etc. has not gotten out and has to change ASAP.

We try to limit the amount of icons that are pushed statewide because it impacts each site's design differently and can, over time, clutter up a site. Would it be acceptable to have strategic departments add this link on their homepage, rather than a blanket push to all sites?

We also need to add an icon/link to all state websites to direct people to the flint water page at mi.gov/flintwater.

Quealy, Erica (DHHS) 3:54 PM:

Hello

I believe I mentioned that CTF is working on home page edits to mirror MDHHS format.

They are changing up their main categories and will be making some changes to where their 2nd and 3rd level categories live.

Estill, John (DTMB) 3:57 PM:

hi

Quealy, Erica (DHS) 3:58 PM:

So here's my question - do you think it's best to have you create the new 1st level categories and then let Alan move those 2nd and 3rd level categories after you're done?

(wave)

Estill, John (DTMB) 3:59 PM:

oh....

Quealy, Erica (DHS) 3:59 PM:

Hmmm ... says my last message wasn't sent?

Estill, John (DTMB) 3:59 PM:

I see it

Quealy, Erica (DHS) 3:59 PM:

DO you see the question?

odd

Estill, John (DTMB) 3:59 PM:

CMA experts are the only ones with the move buttons

So, I was in a meeting from 12 to 3 today.

Quealy, Erica (DHS) 4:00 PM:

Ok, that was what I was unsure of

Ouch. That's a doozie of a meeting!

I will have alan draft a spreadsheet like we did for the category moves

Estill, John (DTMB) 4:00 PM:

The woman in charge of the Child Support system talked about the way she changed it over the past couple of years.  
Made it much more efficient

she spoke for 15 minutes. Not 3 hours

Yes to the spreadsheet. Alan can create the new categories

Quealy, Erica (DHS) 4:01 PM:

interesting. what was the meeting?

Estill, John (DTMB) 4:01 PM:

Then all I need to do is move stuff

Quealy, Erica (DHS) 4:02 PM:

Sounds like a plan, Stan.

Estill, John (DTMB) 4:02 PM:

Accenture hosted an "Innovation in Government" pep talk.

Mobile tech, methods to create change, examples of change, etc.

So, what else is new?

Quealy, Erica (DHS) 4:05 PM:

Sounds interesting ... I don't know about 3 hours interesting.

Estill, John (DTMB) 4:06 PM:

There were excercises/group activities

Quealy, Erica (DHS) 4:07 PM:

Not much else is new. Jeff's back, so it's nice to have some of the web load lifted.

Estill, John (DTMB) 4:07 PM:

true

Quealy, Erica (DHS) 4:09 PM:

State of the State

State of the Union was awesome last night, BTW.

Quealy, Erica (DHS) 4:19 PM:

So, you're not busy at all.

I missed it!

I <3 Obama

Estill, John (DTMB) 4:21 PM:

It was funny watching the people who refused to applaud.

Quealy, Erica (DHS) 4:21 PM:

Ha!

Estill, John (DTMB) 4:22 PM:

And we watched the YouTube live stream of the event... So, the White House did it as a split screen with him on the left and infographics or data to follow along with the current talking point.

Biden did a warm up to a small audience in a room at the white house and it was rough because he was trying to make jokes and ingratiate himself to a bunch or 20 year olds.

Estill, John (DTMB) 8:32 AM:

It's a Clash kind of morning. ...you've got to let me know...

Quealy, Erica (DHS) 12:02 PM:

Maybe that's my problem - haven't had any music on all day.

Looks great, Joe!

For the text under "State of the State," can you change it to be:

"At 7 PM on January 19, 2016, Governor Snyder will deliver his sixth State of the State address. Watch the speech live here as the Governor addresses how—together-- Michigan can solve its most significant challenges.

Join the conversation online using the hashtag #MISOTS16."

Then I'm good with making it Live. Thank you!

Hey John—

Can we make it live around 1? Or early this afternoon? It won't have all of the content up yet for the pages (that stuff will be added at 7), but it would still be nice for it to be live soon to show the livestream video player.

Above or below the video player, can we also add in small bolded font: "This video is provided by the Michigan House of Representatives. It is also being broadcasted on public television."

Thanks!

- 1) Yes- I will add the pages content between 6 and 7 and then clear the body cache for that page and the three pages.
- 2) Thanks—we can chat tomorrow when we're ready to embed the YouTube video
- 3) Thanks!

So what time do you think this updated page will be able to go live today?

Greetings,

1:

That sounds okay. So to confirm then, the three boxes will be links to the pages content Page which you will add between 6 and 7 and then clear the body cache for that page and the three pages that it would be getting linked to.

2:

Okay that sounds good too...for the Youtube there are some things we may wanna add to made sure it looks nice on a smaller device too – similar to how Im making the feed resize nicely with the right proportions.

3:

I will add that bit of text on it as well below the boxes to indicate when the link is active and usable.

Let me know your thoughts – I will be in and out of meetings so my response time to emails maybe delayed but this is the top priority today.

Kind Regards,

Hey Joe—

- 1) Those three links should go to new pages. All that will be on the new pages is text with a graphic at the top.
- 2) The key speech page will have tonight just key quotes from the Governor's speech. Tomorrow, we will be adding YouTube videos of key quotes from his speech.
- 3) Good idea-- can we add something like "Click here during the Governor's speech for more information." Or something like that?

Thanks

Josh

Greetings Josh,

I am curious about a couple parts.

1: the Detroit Public School link is that meant to be this one...

[http://www.michigan.gov/snyder/0,4668,7-277-57577\\_60279-353475--,00.html](http://www.michigan.gov/snyder/0,4668,7-277-57577_60279-353475--,00.html) if not let me know what link you are thinking of.

2: What type of content would the key speech page have on it?

3: I have a method for you to edit those content items in the boxes after 6pm and then once your ready you would clear the cache on that pages body. I would say if this is going to be the plan though -- some additional text go up saying the links are not active until 7pm... or something to that effect and then when you are done and ready you can remove that little bit of text and clear the cache on the page.

Let me know your thoughts.

Kind Regards,  
Joe Seckelman

Hey Joe--

If those boxes could not be links before 7 PM, that would be great. And then at 7 pm we would turn those into links, which would lead to a DPS page, Flint page, and speech summary.

Would there be a way for me to add our content though before 7 PM, so that at 7 the links would be set to go live?

Best

I may have some quick questions about your updates.

Really quick though, the three boxes below they could not be links if you don't want them to be and then at 7pm we turn them into links? And on that thread the links those would be going to the Flint water page, DPS, and a new page that is the speech summary -- does that sound right?

Hey Joe---

Thank you for your help with this site.

It's going to be a little hectic with this site and getting it ready for tomorrow, so I want to apologize in advance if we need last minute changes.

We want the updated site live at 6 PM tomorrow.

We have new graphics for those three boxes. They're attached. The order should be 1) Flint 2) Detroit Schools 3) Key Speech Moments

For the text under those boxes:

- 1) Flint
  - a. We are committed to ensuring every Flint resident has access to clean and safe drinking water. = Click here for more information about improving the water situation in Flint.
- 2) Detroit schools
  - a. Detroit Public Schools are in need of transformational changes to ensure that our students are prepared for a successful and rewarding life. Click here for more information about fixing DPS.
- 3) Key speech moments
  - a. Click here for key moments from Governor Snyder's sixth State of the State address

When visitors click on those boxes, when it takes them to the new page, for the time being, can the new page just say "Check back here at 7 PM tonight after Governor Snyder begins his 2016 State of the State address"?

I'd like to populate our documents and information onto the site between 6 and 7 pm tomorrow, and then when the speech starts at 7 PM, we can make everything live.

Also, we will be directing people to watch the live stream at [www.mi.gov/StateOfTheState](http://www.mi.gov/StateOfTheState). So thank you for helping us get the livestream up!

Please let me know if you have questions.

Thank you again for your help!

Greetings Josh Paciorek,

My name is Joe Seckelman and new with the eMichigan Team. I have set up a Preview page for the State of the state this year with the video feed right in there.

Attached is a screen shot of the look.

Link to the page: [http://www.michigan.gov/snyder/0,4668,7-277-74857\\_75128---,00.html](http://www.michigan.gov/snyder/0,4668,7-277-74857_75128---,00.html)

If you could test the video player from your phone that would be nice. To note: the [house.michigan.gov/hlv.asp](http://house.michigan.gov/hlv.asp) feed doesn't work with windows phones.

Let me know your thoughts.

## How we are fixing the Flint water crisis

Governor Rick Snyder has committed to spending the rest of his time as Governor to fixing the Flint water crisis. Over the last few days, he has sat down to explain what happened and how we're fixing the Flint water crisis. Watch the interviews below and be sure to read the Governor's Op-Ed in the USA Today.

### Governor Snyder on Morning Joe

"What is so frustrating and what makes you so angry is you have a handful of experts who were career civil servants that made terrible decisions, in my view. We have to live with the consequences, and they worked for me, so I accept that responsibility. We are going to fix this problem." Watch Governor Snyder address how we are fixing the Flint water crisis on Morning Joe.

### Governor Snyder with Charlie LeDuff on Fox 2 Detroit

"I feel awful about this. These are people. They've been harmed. You can't feel good about that. The people of Flint have been harmed and a major influence of that harm

came from people who worked for me, and I feel responsible for that. But I am committed to solving the problem and addressing the damage as much as possible for the rest of the time I'm Governor." Watch Governor Snyder address the Flint water crisis with Charlie LeDuff on Fox 2 News.

---

## Governor Snyder's 2016 State of the State

"Michiganders don't quit, we don't give up, instead we will work with even more passion and commitment to truly improve our state. For everyone who's chosen to make Michigan their home, this is more than a promise, this is my commitment." Watch Governor Snyder's full closing statement from his 2016 State of the State address.

---

## Governor in USA Today: "I will fix this, and I mean it."

"Residents in one of Michigan's proud cities cannot drink their water. That's unacceptable. The crisis in Flint arose from missteps at all levels of government — local, state and federal. But as governor, I take responsibility for what these families are going through, and I'm holding people in my administration accountable for their failures." Click [here](#) to read the Governor's full op-ed.

---

## Washington Post: "Michigan Gov. Rick Snyder is in a tough spot, but he's his own best spokesman"

Snyder has born the brunt of criticism in the local health crisis that has turned into a national scandal. But unlike many other politicians facing crises of leadership, Snyder may also be his own best counter-programming. [Click here to read the full story in the Washington Post.](#)

## THANK YOU!

Fellow employees,

Each day, more than 46,000 state of Michigan employees come to work with the confidence and commitment to make Michigan a better place to live, work and play. I appreciate the way you care about the citizens we serve, and how it is reflected in the work that you do.

As you have heard from me and the media, our reputation and trust can be severely impacted when people do not make good decisions, or use good judgment in solving problems. That principle is universal, but never more so than when public health is at stake. What happened in Flint can never be allowed to happen again anywhere in our state.

I know that you want to work in a place where employee input is valued, efforts are recognized, and teams are always striving for continuous improvement. That's why we introduced employee surveys, Bureaucracy Busters and other reinvention initiatives. We want and deserve a culture of innovation, continuous improvement and employee engagement at every level. We can never take for granted how important the people are who depend on us to do our jobs, and I am asking you not to let the situation in Flint negatively impact your motivation to excel every day.

Many of you have taken an interest in helping the citizens of Flint on your own time, and I'd like to take this opportunity to recognize and thank those who have volunteered over the last couple of weekends. You have worked tirelessly to deliver cases of bottled water, water filters, replacement cartridges and water testing kits to the families in need. I appreciate you donating your time to help our fellow Michiganders. To date, more than 37,000 homes have been visited by one of our water resource teams.

For employees who would like to further help the people of Flint, please visit [www.HelpForFlint.com](http://www.HelpForFlint.com) to learn how you can do so. For additional information and to sign up for daily updates, please visit [www.mi.gov/FlintWater](http://www.mi.gov/FlintWater). I am committed to ensuring that all residents have access to safe and clean water.

Again, I'd like to express my gratitude for the work you do every day to continuously improve our state and earn the trust of those you serve. You make a real difference.

Thanks,

## VIDEO: What Governor Snyder's FY17 budget means for Michigan

Gov. Rick Snyder's FY 2017 budget calls for critical investments for the Flint water crisis, statewide infrastructure and the Detroit Public Schools. The governor's recommendation also addresses the skyrocketing costs of specialty medications that Michigan residents depend on for better health outcomes.

This budget also stays committed to the Governor's core statewide priorities of education, talent and economic development, health and human services, and public safety.

The proposed FY 2017 budget makes key investments to strengthen the state for all of

Michigan's families. Click here to learn more about the top 6 takeaways from the Governor's FY 2017 state budget.
